CARLO VICTORINO

[Portfolio](#) | [GitHub](#) | jcd.victorino@gmail.com | [LinkedIn](#) | Toronto, ON

SUMMARY

Computer Programming graduate and Front-End Design student transitioning from the construction industry. Strong communicator with a problem-solving mindset and a solid foundation in front-end development and modern web technologies.

COMPETENCIES

JavaScript ES6	HTML5/CSS3	Node.js	Git/GitHub
Figma	Responsive Web Design	Prototyping & Wireframing	Visual Studio/Code
Highly organized	Learnability	Resilience	Teamwork

EDUCATION

FRONT-END WEB DESIGN | Certificate | George Brown College, Toronto, ON   September 2024 – August 2025
Key Area of Study | Responsive Web Design | Prototyping & Interactivity | UI/UX Design | Front-End Development

COMPUTER PROGRAMMING | Diploma | Seneca College, Toronto, ON (GPA 3.9/4)   January 2021 – December 2022
Key Area of Study | Object-Oriented Programming (C++) | Web Development Intro | Database System and Services (Oracle, SQL)

PROJECTS

Lunar Link ([Figma](#)/[Demo](#)) – Developed a fictional climate app concept to showcase the design process, including user research, wireframes, high-fidelity mockups, and an interactive prototype.
- Developed high-fidelity mockups and interactive prototypes in Figma, showcasing the app's functionality and interactions.
- Applied mobile first design principles in Figma, optimizing the design for an intuitive experience on mobile devices.
- Focused on creating user centered interfaces by prioritizing usability, accessibility.

DishCord App ([GitHub](#)/[Demo](#)) – A web application developed to allow the creation, management, and viewing of culinary posts in a user friendly interface.
- Developed user authentication and post management with Node.js and Express.js, enabling login and CRUD functionality.
- Built a responsive UI with Bootstrap 5 and SCSS, optimizing for all device sizes, enhancing accessibility and visual design.
- Utilized MongoDB and PostgreSQL to manage recipe and user data, while integrating Cloudinary for media management, ensuring efficient data handling and seamless image uploads for recipe posts.

EMPLOYMENT

Mover | Your Friend with a Cube Van, Toronto, ON   2020
- Delivered exceptional customer service by effectively addressing customer needs and ensuring a positive moving experience.
- Resolved unexpected challenges, such as tight spaces and time constraints, efficiently to ensure a smooth and timely move.

Construction Tradesman | Penguin Basement Ltd., North York, ON   2018 – 2019
- Trained and led a team of 4, providing flexible support across projects with tight deadlines and ensuring seamless transitions.
- Demonstrated adaptability and versatility, taking on a range of tasks from framing to digging to keep projects on track.

Workshop Assistant | George Brown College, Toronto, ON   2017 – 2018
- Streamlined workflows by resolving bottlenecks, ensuring project milestones were met ahead of schedule.
- Collaborated with diverse teams to achieve seamless project execution through effective communication and teamwork.

Security Guard | GardaWorld, GTA, ON   2015 - 2016
- Managed access control, key distribution, and monitored security, preventing any unauthorized access incidents.
- Prepared detailed shift reports, ensuring accurate documentation for incident follow-up and ongoing operations.

Crew trainer | McDonald's, Scarborough, ON   2013 - 2015
- Trained and mentored new team members, facilitating their swift integration into daily operations.
- Managed front-of-house and back-of-house operations, ensuring timely food prep and quality service.
